Dear Mr. Constant:

Thank you for taking the time to participate in our panel discussions on the Los Angeles Department of Water and Power (LADWP) Solar Incentive Program and developing solar industry curricula in conjunction with the Los Angeles Community College district. The City of Los Angeles has made a major commitment to install 100,000 solar power systems onto residential and commercial rooftops in the next 10 years. Your expertise and your input have been quite valuable in helping us strengthen the solar power industry in Los Angeles.

The Mayor's Solar Executive Focus Group will be meeting again on Monday, May 13, 2002. I look forward to speaking with you at our next meeting.

Sincerely,

JOY CHEN  
Director of Economic Recovery
